SECTION I – SPECIFIC REQUIREMENTS

This Request for Quotation (herein referred to as a RFQ) is a request for competitive bids from qualified individuals and organizations to provide heat pump units for Lincoln University of Missouri in accordance with the terms and conditions set forth herein. Manufacturer names and/or catalog numbers are for informational purposes only and are not intended to limit competition. Item numbers and descriptions come from various brands, (p. 4) however the bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. All units must come with MCO unit mounted thermostat with DXM controls or equivalent option. All units must be compatible with dimensions of noted units (p. 4) as to be capable to replace current units in use with minimal alterations to current duct work and building configurations. Budget will dictate overall total purchase. It is the intention of the University to order the number of units noted on the pricing page, however the University reserves the right to order more than that number, less than that number or none at all. All quoted pricing shall be good for up to one year post issuance of award and/or purchase order.

SECTION II – GENERAL CONTRACTUAL REQUIREMENTS

1. Contact: Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc. related to the bid document must be referred to the Buyer of Record identified on the first page of this document. Failure to abide by this requirement may result in disqualification of the offeror.

2. Contract Price: All prices shall be as indicated on the Pricing Page. Lincoln University shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc. The contractor shall be paid installation costs and/or maintenance/repair costs provided that such costs are firm, fixed and specifically quoted in response to the Request for Quotation. Failure to quote costs for installation and maintenance/repair shall not relieve the contractor from his/her responsibility to maintain, install and/or repair all items, and any related costs for the service shall be considered by both the contractor and Lincoln University to be included within the price stated in the contract.

3. Contract Document: The contract between Lincoln University and the contractor shall consist of: (1) the Request For Quotation (RFQ), including the Terms and Conditions attached hereto, and (2) any amendment to the RFQ, and (3) the contractor’s response to the RFQ. Lincoln University reserves the right to clarify any contractual relationship in writing with the concurrence of the contractor and such written clarification shall govern in the event of a conflict with the applicable requirement(s) stated either in the RFQ or the contractor’s response. In all other matters not affected by the written clarification, if any, the RFQ shall govern. The contractor is cautioned that his/her response shall be subject to acceptance without further clarification.

4. Submission of Bids: Bids are to be priced, signed and returned (with all necessary attachments) to the University by the date and time stated on page one. The bidder must respond to this RFQ by submitting all data required herein in order for his/her response to be evaluated and considered for award. The bidder is cautioned that it is the bidder’s sole responsibility to submit information related the evaluation categories and that the University is under no obligation to solicit such information if it is not included with the bid. The bidder’s failure to submit such information may cause an adverse impact on the evaluation of the bid.

5. No bid shall be withdrawn for a period of 60 days after the scheduled time and date of opening. Lincoln University reserves the right to waive any informalities in any bid and to reject any and all bids without any statement or reason thereof. Final acceptance shall be subject to the parties entering into a written agreement including the terms thereof.
6. In the event that only one bid is received in response to this RFQ, the University reserves the right to negotiate the terms and conditions, including price, as proposed in the sole vendor's bid. In addition, as part of such negotiations, the University reserves the right to require supporting costs, pricing and other data from the sole vendor in order to determine the reasonableness and acceptability of the bid.

7. Right to Terminate: Lincoln University reserves the right to terminate the contract at any time, for the convenience of Lincoln University, without penalty or recourse by giving the contractor a written notice of such termination at least thirty (30) calendar days prior to termination. The contractor shall be entitled to receive compensation according to the terms of the contract for that work completed pursuant to the contract prior to the effective date of termination.

8. Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the university to ensure that the university is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the university and contractor. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein. The contractor must obtain acknowledgement from the university prior to establishing any new subcontracting arrangements and before changing any subcontractors.

9. No official or employee of Lincoln University, its governing body or consultant, who exercised any function or responsibilities in the review or approval of the undertaking or carrying out of the scope or work covered by the contract shall voluntarily acquire any personal interest, directly or indirectly, in the contract or proposed contract.

10. The contractor covenants that he or she presently has no interest and shall not acquire any interest, directly or indirectly, which would conflict in any manner or degree with the performance of the services hereunder. The contractor further covenants that no person having any such interest shall be employed or conveyed an interest, directly or indirectly, in the contract.

Such preference shall be given when quality is equal or better and delivered price is the same or less.
c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

7. EVALUATION/AWARD

a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. d. Awards shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the RFQ, (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the RFQ and (3) complies with Sections 34.010 and 34.070 RSMo and Executive Order 04-09.
e. In the event all bidders fail to meet the same mandatory requirement in a RFQ, Lincoln University reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, Lincoln University reserves the right to waive any minor irregularity or technicality found in any individual bid.
f. Lincoln University reserves the right to reject any and all bids. When all bids are unacceptable and time does not permit a rebid, Lincoln University may negotiate for the required supplies.
g. When evaluating a bid, Lincoln University reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.

The University reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by Lincoln University based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the University.

j. All bids and associated documentation will be considered open records pursuant to Section 610.021 RSMo.

k. The University reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that their response shall be subject to acceptance or rejection without further clarification.

l. Any bid award protest must be received within ten (10) calendar days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (10).

m. The final determination of contract award(s) shall be made by Lincoln University.

8. CONTRACT/PURCHASE ORDER

a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the RFQ, at the prices quoted, pursuant to all requirements and specifications contained therein.

b. A binding contract shall consist of: (1) the RFQ and any amendments thereto, (2) the contractor's response (bid) to the RFQ, and (3) clarification of the bid, if any, and (4) the University’s acceptance of the response (bid) by "notice of award" (for ongoing provision of equipment, supplies, and/or services) or by "purchase order." All Exhibits and Attachments included in the RFQ shall be incorporated into the contract by reference.

c. A notice of award does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services, the contractor must receive a properly authorized Purchase Order.

d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representatives of the contractor and the University or by a purchase order change order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification order to the contract.

9. INVOICING AND PAYMENT

a. Lincoln University does not pay state or federal taxes unless otherwise required under law or regulation.

b. Each invoice submitted must reference the contract or purchase order number and must be itemized in accordance with items listed on the purchase order and/or contract. Failure to comply with this requirement may delay processing of invoices for payment.

c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the University.

d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFQ.

e. Lincoln University assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the University’s rejection and shall be returned at the contractor's expense.

f. All invoices for equipment, supplies, and/or services purchased by the University shall be subject to late payment charges as provided in Section 34.055 RSMo.

g. Lincoln University reserves the right to purchase goods and services using the Lincoln University Purchasing Card.

10. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

11. INSPECTION AND ACCEPTANCE

a. No equipment, supplies, and/or services received by the University pursuant to a contract shall be deemed accepted until the University has had reasonable opportunity to inspect said equipment, supplies, and/or services.

b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.

c. Lincoln University reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

d. Lincoln University’s right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the University may have.

12. WARRANTY

a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the University, (2) be fit and sufficient for the purpose expressed in the RFQ, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.

b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the University’s acceptance of or payment for said equipment, supplies, and/or services.

13. CONFLICT OF INTEREST

a. Officials and employees of Lincoln University, its governing body, or any other officials of Lincoln University must comply with Sections 105.452 and 105.454 RSMo regarding conflict of interest.

b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.
14. REMEDIES AND RIGHTS

a. No provision in the contract shall be construed, expressly or implied, as a waiver by the University of any existing or future right and/or remedy available by law in the event of any claim by the University of the contractor's default or breach of contract.

b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the University of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the University.

15. CANCELLATION OF CONTRACT

a. In the event of material breach of the contractual obligations by the contractor, the University may cancel the contract. At its sole discretion, the University may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide the University within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.

b. If the contractor fails to cure the breach or if circumstances demand immediate action, the University will issue a notice of cancellation terminating the contract immediately.

c. If the University cancels the contract for breach, the University reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the University deems appropriate and charge the contractor for any additional costs incurred thereby.

d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contractor shall not be binding upon the University for any period in which funds have not been appropriated, and the University shall not be liable for any costs associated with termination caused by lack of appropriations.

16. COMMUNICATIONS AND NOTICES

Any written notice to the contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail, or hand-carried and presented to an authorized employee of the bidder/contractor.

17. BANKRUPTCY OR INSOLVENCY

a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the University immediately.

b. Upon learning of any such actions, the University reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

18. INVENTIONS, PATENTS AND COPYRIGHTS
