

Blue Tiger Tales Staff Spotlight

JUNE - AUGUST 2013

LU STAFF COUNCIL

The Staff Council is pleased to announce that the Staff Employee of the Quarter for June-August is Administrative Assistant I, Design & Construction Mrs. Tisha Huffer.

Mrs. Huffer began as a casual appointment with C&S Services in 1996 and was hired full time in the assistant position in February, 1998. During her tenure as assistant her role has broadened as she handles small projects such as flooring installs, coordination of engraving the Soldiers Memorial bricks, and bids for furniture for classroom spaces and common areas. "I love the fact that I am not sitting behind the desk all day and that my job description is so expansive, I can be working on budget items in the morning and picking colors for a project in the afternoon!"

EMPLOYEE OF THE QUARTER

One of the criteria for selection of the employee of quarter is performing duties that exceed expectations or requirements of the position, Mrs. Huffer has excelled in this requirement as she does many "other duties as assigned" to include her work on The Employee Recognition, Employee Orientation, Wellness, and Enterprise Content Management Implementation Committees. She has enjoyed being instrumental in the planning of the Health Fair the past few years as well as helping with any event that allows staff to mingle and meet each other and get recognition for the great job they do.

Mrs. Huffer is active in the Staff Council, she chairs the Staff Special Events Committee. That committee brings the Staff Appreciation BBQ each year and oversees the Blue Tiger Tales publication. She writes and edits the stories. "I enjoy trying to think outside the box to inform and communicate to staff the items I think they would like to know as a Lincoln University staff member."

"I am so happy to receive this recognition, I want the best for this institution as well as all staff working here." "We are here for the betterment of students and anything I can do to assist in the mission I am willing to do!"

Staff Council congratulates Mrs. Huffer on this accomplishment!
